14/I-24/I

This is to Certify that

A. S. MANTELLI

the undersigned Surveyor to this Society did at the request of

Messrs STABILIMENTI DI DALMINE of Dalmine, attend on 15/4/26 and subsequent dates at their Works at Dalmine, for the purpose of examining and testing No.80 (EIGHTY) Steel Seamless Air receivers of the following dimensions:-

316 x 291 x 6300 (400 litres capacity)

intended for Messrs Società Anonima FIAT of Turin.

Test pieces were selected out of the seamless tubes, and the tubes themselves were carefully gauged for thickness and concentricity before the ends were closed in. A copy of the tensile tests' results is appended.-

The air receivers were subsequently tested by hydraulic pressure to 160 Kgs. and during and after test were carefully inspected and found to be, as far as could be seen, sound and free from defects.

The air receivers were marked as follows:-

LLOYD'S TEST

No. 72 151

160 Kgs.

W.P. 80 Kgs.

A.S.M. 18- 5- 26

Surveyor to Lloyd's Register

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
