-----  
The Boiler Survey became due on the "CIL" in February last and on the "SOFILIEGE" in October last, but the inspection has not been held in either case.

The Algiers Surveyor has forwarded a letter from the Owners intimating that as these vessels were already classed with the Bureau Veritas at the time of purchase, they do not desire to retain the Classification of this Society.

In the circumstances, the Classing Committee, who had the cases before them on Friday, 25th April, gave instructions for the classes to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
