ANS'D

Dear Sir:-

We are in receipt of your letter of the 12th instant regarding spacing of stiffeners on the forward bulkhead of the deep tank on the Steamer "SEEKONK" Philadelphia Report No. 3272 and we have to state that the stiffeners are spaced as required by the approved plans, namely 24" x 25" apart.

It is regretted this was not more clearly shown on the First Entry Report.

Yours very truly,

L. Blalock

for the Surveyors,

The Secretary,

NEW YORK.
