LLOYD'S REGISTER  
Received  
23 FEB 1939  
LONDON

Dear Sir,

With your letter of the 24th February, 1938 plan of Simplex Balance rudder was returned to this Office duly approved for Messrs. Swan, Hunter & Wigham Richardson's Yard Nos. 1561/3. This plan shows a keyway in the rudder coupling. Messrs. Swan, Hunter now state that they are in possession of an approved plan of rudder and sternframe on which this keyway is not fitted.

In the circumstances I shall be glad to be informed whether this plan of rudder could be approved without the keyway fitted in the rudder coupling.

I am, Dear Sir,

Yours faithfully

*The Secretary*
