Dear Sir,

NOS. 1561 and 1563 SHIPS.

We thank you for your letter of the 29th instant regarding the proposed modification to the stiffening on No. 177 cofferdam bulkhead, and we note that the web on the port side could be omitted provided stringers are increased to 36" x .44" with a 9" x 3½" x .50" bulb angle face bar.

We also note your requirements regarding the brackets and other attachments, and these will be carried out as suggested by you.

Yours faithfully,

FQR
