3 plans

Dear Sir,

NOS. 1561 and 1563 SHIPS.

We have made certain modifications to the fore end framing in the above ships, the principal being the increased depth of the forward deep tank at the fore peak bulkhead and rearranged positions of the forward stringers to suit this modification.

We enclose herewith three blue prints of the proposed arrangement and will be glad to have your approval of same as early as possible.

We are preparing a plan of the cofferdam bulkheads and will send this forward shortly.

Yours faithfully,

HUNTER WIGHAM RICHARDSON, LTD.
