Dear Sir,

NOS. 1561 and 1563 SHIPS.

We are to build at Wallsend Shipyard two 500 ft. motor tankers for The Anglo-Saxon Petroleum Co. Ltd., which are to have our numbers 1561 and 1563.

You have already approved preliminary scantling plans for these ships for the Owners.

We are sending you herewith, in triplicate, midship section, profile and decks plans, prepared by us on the basis of the plans you have already approved but with certain modifications to suit our own practice.

\*We also enclose sketch showing alternative construction of the lower part of the longitudinal bulkhead.

We will be pleased to have your approval of these plans as soon as possible, also preliminary assignment of freeboard, and enclose the necessary particulars form for this purpose.
