QUESTION.

ANSWER.

With reference to your Report No.5542, I shall be glad to learn how this case now stands as regards the examination of No.2 port cylinder jacket.

You will observe that the Donkey Boiler Survey will become due at the end of next month.

I think it well to add that the Continuous Survey of the Oil Engines is considerably behind hand, and you will be so good as to let me know what arrangements the Owners propose making for this inspection to be brought up-to-date.

Date:— April 21st 1942.

We are advised by the Owners that the above vessel was lost by enemy action during the first week in February, 1942.
