

COPY FOR LONDON OFFICE.
Lloyd's Register of Shipping.

Port

SAN FRANCISCO,

5th April 1917.

This is to Certify that I have

Surveyed the Boiler and Machinery of the Steel Screw Steamer
"REGULUS", Hull No.16, Union Iron Works Company, Alameda Branch,
during construction,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have

Recommended that the record of

be made in the Register Book in the case of this vessel.

JSB

Engineer Surbepor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood
neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or
certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error
judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
