COPY

Lloyd's Register of Shipping.

High Close, Wokingham, Berks.

Enclosure.

6th March, 1942.

H.

Dear Sir,

I have to acknowledge the receipt of your cablegram reading as follows:-

"EXPECTING OPPORTUNITY HOLD SPECIAL SURVEYS
79252 MATIAS COUSINO 72142 CHOLLIN 81854
PUCHOO 78514 TOLTEN EX LOTTA CABLE PERMISSION"

and in confirmation of my telegraphic reply, a copy of which is enclosed, I have to inform you that the Committee will authorise you to carry out the 2nd Special Survey No.3 of the steamer "CHOLLIN", 2nd Special Survey No.1 of the steamer "MATIAS COUSINO", and the 2nd Special Survey No.2 of the steamer "PUCHOO". You will also be in order in carrying out the Special Survey No.1 of the steamer "TOLTEN".

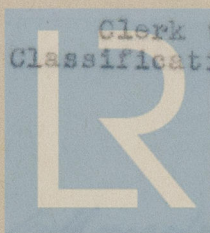

As the shell plating of the steamer "CHOLLIN" will require to be drilled as part of the 2nd Special Survey No.3, particulars of the vessel's scantlings are being prepared and will be forwarded to you. I would add that the Special Survey of this vessel has been commenced as regards the machinery by the examination of the pumps, steering gear, condenser; examination and testing of the electrical equipment; and the examination of the sea connections and windlass.

I am, Dear Sir,
Yours faithfully,

W. Wallace Esq.,

VALPARAISO.

Clerk to the
Classification Committee.
