# Lloyd's Register of Shipping.

Port NEWCASTLE ON TYNE.

14th April 1939.

**This is to Certify** that

A. WATT & R. MOFFITT,

the undersigned Surveyor to this Society did at the request of the Owners' Representatives, Messrs. Bushell Nicol & Co., Newcastle-on-Tyne, survey the s.s. "CORABELLA", 5682 tons gross, of London, on the 15th March 1939 and subsequently, whilst the vessel lay in dry dock at Messrs. Swan, Hunter & Wigham Richardson's Yard, Wallsend-on-Tyne, for the purpose of examining the condition of the Superheater Element Tubes of the three Main Boilers.

The Superheater Tubes were examined in place in the boilers and afterwards at the Works of The North Eastern Marine Eng. Co. (1938) Ltd., Wallsend-on-Tyne.

The Undersigned, upon examination:-

FOUND.

All the tube ends in the combustion chambers of all three Boilers generally overheated & distorted. Several specimen ends were cut up for internal inspection and no undue deposit or scale was found.

RECOMMENDED.

All tube ends to be cut off and renewed, tested to Rule requirements and all the tubes to be refitted in the Boilers.

The Repairs recommended have now been satisfactorily carried out.

*A Watt & R Moffitt*  
SURVEYORS TO LLOYD'S REGISTER

Fee:- £3.3.0d.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that: While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society.
