AIR MAIL

11th May, 1953.

The Secretary
LONDON

Dear Sir:-

M/V "MAYCLEN"

I herewith enclose a letter received from Mr. Antonio M. Parreira Cruz, Lagos Portugal, requesting to be furnished with duplicate copies of the documents mentioned therein, in respect of the above vessel.

I will be glad to be informed regarding the correct procedure in dealing with cases of this kind since it would appear that to supply duplicate copies of the Certificates requested without a Surveyor being able to identify these with the actual Equipment concerned, could lead to a mis-application of the Society's Classification.

Yours very truly,

(A. R. Riddell)

Principal Surveyor for Canada.
