

LLOYD'S REGISTER OF SHIPPING,
NEW YORK.

13th January, 1947

Received
27/1/47

"C" Type Coasters
M/V "Ottawa Mayspring"

Dear Sir,

In reply to your letter of the 9th ultimo regarding the torsional oscillation calculations of the above vessel, I have to say the Montreal Surveyors state that torsigraph records were not taken from the machinery of any of the vessels in this type.

I regret that owing to an inadvertence, a copy of your letter of the 25th October last, requesting the taking of torsigraphs, was not forwarded to the Montreal Surveyors until after receipt of your second letter.

Yours faithfully,

(Signed) C. Macpherson.

For
Principal Surveyor,
U.S.A. and Canada.

The Secretary.
LONDON.

W1178-0072

W1178-0000

Referred to the Chief Engineer Surveyor.

For Engineer Surveyors (F.E. Rpts.) to note.
It is submitted the New York
and Montreal Surveyors be informed
that the cases of these vessels cannot
be considered until the results of
torsiograph records have been received and
arrangements should be made for records to be
taken from one vessel of the class at the earliest
possible opportunity.
