London.

Dear

Dear Sir,

With reference to your classing letter dated the 1st instant on the M/S. "TASMANIA", Cpn. Rpt. No. 9751, I have to confirm that the thickness of the donkey boiler shell plate is 11 m/m. The pitch of rivets in the longitudinal joints is 61.7 m/m x 66 m/m as shown on the plan.

Regretting this clerical error,

I am, Dear Sir,

Yours faithfully,

J. Hughes Jones
