

pt. 4.

REC'D NEW YORK July 1919

# REPORT ON MACHINERY.

No. 139.

Received at London Office

SAT 10 AUG 1918

te of writing Report

19

When handed in at Local Office

19

Port of Charleston, O.

Survey held at Buffalo N.Y.  
on the S.S. "SAGADAHOC"

Date, First Survey 5 May 1917 Last Survey 12 1 1918

(Number of Visits)

Master

Built at Bath Me

By whom built The Turner Steamship Co

Tons { Gross  
Net  
When built

Engines made at Buffalo N.Y.

By whom made H. G. Tamm & Co

(N. 58) when made 1918

Boilers made at

By whom made

when made

Registered Horse Power

Owners

Port belonging to

Net Horse Power as per Section 28 555

Is Refrigerating Machinery fitted for cargo purposes

Is Electric Light fitted

Engines, &c.—Description of Engines Triple Expansion

No. of Cylinders 3

No. of Cranks 3

Dia. of Cylinders 26 1/2

44

74

Length of Stroke 51

Revs. per minute 75

Dia. of Screw shaft

as per rule 14 7/8

as fitted 15 1/2

Material of 5

screw shaft

the screw shaft fitted with a continuous liner the whole length of the stern tube Yes

Is the after end of the liner made water tight

the propeller boss Yes

If the liner is in more than one length are the joints burned Joint

If the liner does not fit tightly at the part

between the bearings in the stern tube, is the space charged with a plastic material insoluble in water and non-corrosive Yes

If two

boilers are fitted, is the shaft lapped or protected between the liners Yes

Length of stern bush 63 3/4

Dia. of Tunnel shaft

as per rule 13 7/8

as fitted 14 3/8

Dia. of Crank shaft journals

as per rule 14 4

as fitted 14 3/4

Dia. of Crank pin 14 3/4

Size of Crank webs 28 x 10

Dia. of thrust shaft under

bolts 14 3/4

Dia. of screw 17-0

Pitch of Screw 18-0

No. of Blades 4

State whether moveable Yes

Total surface 87 1/2

No. of Feed pumps

Diameter of ditto

Stroke

Can one be overhauled while the other is at work

No. of Bilge pumps 2

Diameter of ditto 5 1/2

Stroke 24

Can one be overhauled while the other is at work Yes

No. of Donkey Engines

Sizes of Pumps

No. and size of Suctions connected to both Bilge and Donkey pumps

Engine Room

In Holds, &c.

No. of Bilge Injections

sizes

Connected to condenser, or to circulating pump

Is a separate Donkey Suction fitted in Engine room & size

Are all the bilge suction pipes fitted with roses

Are the roses in Engine room always accessible

Are the sluices on Engine room bulkheads always accessible

Are all connections with the sea direct on the skin of the ship

Are they Valves or Cocks

Are they fixed sufficiently high on the ship's side to be seen without lifting the stokehold plates

Are the Discharge Pipes above or below the deep water line

Are they each fitted with a Discharge Valve always accessible on the plating of the vessel

Are the Blow Off Cocks fitted with a spigot and brass covering plate

What pipes are carried through the bunkers

How are they protected

Are all Pipes, Cocks, Valves, and Pumps in connection with the machinery and all boiler mountings accessible at all times

Are the Bilge Suction Pipes, Cocks, and Valves arranged so as to prevent any communication between the sea and the bilges

Is the Screw Shaft Tunnel watertight

Is it fitted with a watertight door

worked from

Boilers, &c.—(Letter for record)

Manufacturers of Steel

Total Heating Surface of Boilers 8118

Is Forced Draft fitted Yes

No. and Description of Boilers

Working Pressure 190 lb.

Tested by hydraulic pressure to

Date of test

No. of Certificate

Can each boiler be worked separately

Area of fire grate in each boiler

No. and Description of Safety Valves to

each boiler

Area of each valve

Pressure to which they are adjusted

Are they fitted with easing gear

Smallest distance between boilers or uptakes and bunkers or woodwork

Mean dia. of boilers

Length

Material of shell plates

Thickness

Range of tensile strength

Are the shell plates welded or flanged

Descrip. of riveting: cir. seams

Long. seams

Diameter of rivet holes in long. seams

Pitch of rivets

Lap of plates or width of butt straps

Percentages of strength of longitudinal joint

Working pressure of shell by rules

Size of manhole in shell

Size of compensating ring

No. and Description of Furnaces in each boiler

Material

Outside diameter

Length of plain part

top

bottom

Thickness of plates

crown

bottom

Description of longitudinal joint

No. of strengthening rings

Working pressure of furnace by the rules

Combustion chamber plates: Material

Thickness: Sides

Back

Top

Bottom

Pitch of stays to ditto: Sides

Back

Top

If stays are fitted with nuts or riveted heads

Working pressure by rules

Material of stays

Area at smallest part

Area supported by each stay

Working pressure by rules

End plates in steam space:

Material

Thickness

Pitch of stays

How are stays secured

Working pressure by rules

Material of stays

Area at smallest part

Area supported by each stay

Working pressure by rules

Material of Front plates at bottom

Thickness

Material of Lower back plate

Thickness

Greatest pitch of stays

Working pressure of plate by rules

Diameter of tubes

Pitch of tubes

Material of tube plates

Thickness: Front

Back

Mean pitch of stays

Pitch across wide water spaces

Working pressures by rules

Girders to Chamber tops: Material

Depth and

Thickness of girder at centre

Length as per rule

Distance apart

Number and pitch of stays in each

Working pressure by rules

Steam dome: description of joint to shell

% of strength of joint

Diameter

Thickness of shell plates

Material

Description of longitudinal joint

Diam. of rivet holes

Pitch of rivets

Working pressure of shell by rules

Crown plates

Thickness

How stayed

SUPERHEATER. Type

Date of Approval of Plan

Tested by Hydraulic Pressure to

Date of Test

Is a Safety Valve fitted to each Section of the Superheater which can be shut off from the Boiler

Diameter of Safety Valve

Pressure to which each is adjusted

Is Easing Gear fitted

W118-0031

IS A DONKEY BOILER FITTED?

If so, is a report now forwarded?

SPARE GEAR. State the articles supplied:—

The foregoing is a correct description,

A.G. Sweet Co

Manufacturer.

1917.  
Dates of Survey { During progress of work in shops -- 7 May 5, Jun 2, Jul 7, 27, Aug 23, Sep 11, 13, 19, 22, 28, Oct 6, 12, 16, 23, 27, Nov 5, 9, 22, Dec 6, 11, 1917.  
while building { During erection on board vessel -- 24, 26, 27, 29, 30, 31, 1917.  
Total No. of visits

Is the approved plan of main boiler forwarded herewith

Dates of Examination of principal parts—Cylinders 5. 11. 17. Slides 5. 11. 17. Covers 23. 10. 17. Pistons 26. 12. 17. Rods 23. 10.

Connecting rods 9. 11. 17. Crank shaft 11. 9. 17. Thrust shaft 11. 9. 17. Tunnel shafts 11. 9. 17. Screw shaft 11. 9. 17. Propeller 16. 11.

Stern tube 5. 11. 17. Steam pipes tested Engine and boiler seatings Engines holding down bolts

Completion of pumping arrangements Boilers fixed Engines tried under steam

Completion of fitting sea connections Stern tube Screw shaft and propeller

Main boiler safety valves adjusted Thickness of adjusting washers

Material of Crank shaft S Identification Mark on Do. 57 d. length. FW 7. 1917 Material of Thrust shaft S Identification Mark on Do. 57 d. length. FW 7. 1917

Material of Tunnel shafts S Identification Marks on Do. 57 d. length. FW 7. 1917 Material of Screw shafts S Identification Marks on Do. 57 d. length. FW 7. 1917

Material of Steam Pipes Test pressure

Is an installation fitted for burning oil fuel Is the flash point of the oil to be used over 150°F.

Have the requirements of Section 49 of the Rules been complied with

Is this machinery duplicate of a previous case Yes If so, state name of vessel Eng. 57. 3/4. "Rhode Island"

General Remarks (State quality of workmanship, opinions as to class, &c. The above engines have been

constructed under Special Survey. The materials and workmanship employed in their manufacture are smooth and good. They have been forwarded to B. & C. to be fitted on board ship to S. being built by The Tames Steamship

The amount of Entry Fee ... £ : : When applied for, 1917.  
1/3 Special ... £ 79 : 70 :  
Donkey Boiler Fee ... £ 60 : 00 :  
Travelling Expenses (if any) £ 35 : 00 :  
When received, 15/9/18

Committee's Minute New York JUL 23 1918

Assigned See Pos. Rpt 1043.
