Dear Sir,

I am submitting under separate cover for the approval of the Committee 3 ^{amended} copies of plan of longitudinal bulkheads, shaft tunnel, transverse bulkheads and coal-bunker for Messrs. Lübecker Maschinenbau-Gesellschaft's Yard No. 381.

The Builders have submitted the amended proposals in order to save weight in view of the fact that they have incorporated in the original design the additional strengthening required by the Germanischer Lloyd in the case of this vessel.

I am, Dear Sir,

Yours faithfully,

R. J. Muesel
