Wokingham,
Berks.

Dear Sir,

Annual Loadline Surveys.

With reference to your letters of 16th March, we regret to inform you that "Fort McLeod" has been lost by enemy action.

"Ocean Verity". We note you advise the survey is due on 30th June. The certificate was, however, issued in October, and we have recorded the survey as due in the same month in succeeding years, as is the usual practice, and actually carried one out at Liverpool in October last. Will you please let us have your comments.

Yours truly,
