Dear Sirs,

m.t. "KOLLBJORG"

An investigation is being made on our behalf by Messrs. Thomas Cooper & Company in connection with the loss of the above named tanker, and they have asked us to furnish them with certain information as to the extent of the electric welding of the hull.

We are not in possession of any drawings giving this information and shall be glad if you can advise us of the extent of the welding in the hull structure, also supply us with copy of General Arrangement drawing and Midships Section.

Your assistance in this connection will be much appreciated.

Yours faithfully,
THE NORWEGIAN SHIPPING AND TRADE MISSION.
