Lloyd's Register of Shipping.

Port **LONDON.**

10th March, 1941

This is to Certify that I have

part
Surveyed the Boiler and Machinery of the steel motor vessel
"BRITISH STRENGTH" 7,139 tons gross of London,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have **Recommended** that the record of **LMC CS (with date)**

be made in the Register Book in the case of this vessel when the survey has been completed.

Parts now examined:—
~~nos. 3 & 4 upper and lower pistons and liners.~~ *Complete*

Propeller, aft end of stern bush and outside fastenings of sea connections.

placed in dry dock, propeller, aft end of outside fastenings of sea connections examined, all found in order.
nos 3 & 4 upper & lower pistons and liners examined and found in good order.
A permit could not be obtained to draw back end shaft

Emilia
Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
