

# Lloyd's Register of British & Foreign Shipping,

55, Fawcett Street,

Sunderland, 11th, December, 1914

*and 12th*

Dear Mr. White,

With reference to the telegram which I sent you this morning in regard to the H.P. Cylinder of the steamer "EGGESFORD", I herewith enclose machinery certificate which you might be good enough to get Mr. Wood to put right and let me have it again by return of post.

Mr. Butler had made a mistake in giving 24 on the report instead of 25. As this correction does not affect the Horse Power or any other particulars on the report, you might be good enough to have the report and certificate-counterfoil altered.

With kind regards,

Yours faithfully,

*W. Browne*

C.H.S. White, Esq.,  
London.
