

s.s. "LYNGHAUG".

The sum of Kr.450 (£27.10.0) has been outstanding against this vessel since March, 1932, in respect of part Special Survey No.3 held at Bergen.

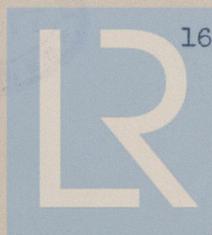

Repeated applications have been made for payment, but without success; and on the 2nd March last the Bergen Surveyor reported that the Owner did not wish to retain the vessel's class in the Society's Register Book and also that he refuses to pay the outstanding fee.

The class of the vessel was dealt with by the Committee on the 23rd March last, and expunged from the Register Book with a red line.

In the circumstances, it is submitted that the outstanding fee of Kr.450 might now be regarded as irrecoverable and written off accordingly.
