

S.S. "WINDERMERE"

Grk. 17913.

=====

The machinery of this vessel was commenced under Norske Veritas survey, but classification with this Society was subsequently desired.

The plans and particulars of the engines and boilers and of the pumping arrangements were approved in the Secretary's letters "E" 5.8.21. and 17.10.21.

The machinery has now been completely installed and has been examined by the Greenock Surveyors and a satisfactory report forwarded by them.

It is submitted that this vessel is eligible for the record LMC 11.21. C.L.
