5th June, 1929.

Dear Sirs,

With reference to Leith First Entry Report, No.17595, on the Steel Paddle Steamer, Yard No. 140, built by Messrs. Henry Robb, Ltd., and then dismantled for shipment to Singapore, it is concluded that reverse frames are fitted on every fourth frame, as approved, but I shall be glad if you will state if this is so.

At the same time I shall be glad if you will be so good as to obtain and forward to this Office, for transmission to the Society's Surveyors at Singapore, a set of copies of the approved plans of this vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

LEITH.
