25th March, 1930.

Dear Sir,

S. I duly received your letter of the 19th instant respecting the cases of the paddle train ferries "J.J.10" and "J.J.11", from which I note that the engine builders have no objection to the certificates for the machinery being forwarded to Singapore, and this is accordingly being done.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

The Secretary,

GLASGOW.
