Sir,

Having reference to your letter of the 8th instant along with the Freeboard assignments for the s.s. MELBOURNE Hamburg Report No 12422, I beg to inform you that the Underdeck tonnage as given on the Report is the actual Underdeck tonnage and not the Suez Canal Tonnage I was careful to inquire of the the Authorities as to this before forwarding on my Report,

I have to state that this Company's steamers are all of high speeds from 12 1/2 to 13 Knots and this accounts for their fineness.

I remain, Sir

Your obedient Servant

Geo. Dyke

The Secretary
London.
