

LONDON

SEE SFO. REPORT NO. 5179.

William A. McKenney
7/11/27

SAN FRANCISCO,

June 11th, 1927.

THIS IS TO CERTIFY THAT

DAVID MILLAR

7

the undersigned Surveyor to this Society did at the request of Messrs. Norton, Lilly & Co., San Francisco, Agents for the Steel Screw Steamer "WILLIAM A. McKENNEY", of Boston, 5855 tons gross attend on board said Vessel for the purpose of verifying freeboard in accordance with instructions received from this Society's Office in New York.

The freeboard for this Vessel has now been marked and verified as follows:

Center of disc to top of statutory deck line.....	7'-9"
Fresh water line above center of disc.....	7"
Indian Summer line above center of disc.....	6½"
Winter line below center of disc.....	6 "
Top of statutory deck line is set off from top of the stringer plate of the steel deck at side.....	1½"

The official certificate of freeboard as stated above will be issued by the London Office in due course.
