Survey Due Screwshaft Survey due 9,36.

In November last the Bombay Surveyor stated that he had been informed by the Owners that the above survey would be dealt with at the vessel's next docking in a few months' time. The Surveyor also added that the screwshafts were recently submitted for the Government Survey but that he was not informed. In the circumstances the Committee deferred consideration of the case for the present.

In reply to enquiry the Bombay Surveyor now states that this vessel will be laid up for screwshaft survey during the monsoon (in about four months' time).
