Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

12th March, 1913.

Sir,

M.

With reference to your First Entry Report No. 718 on the steel screw steamer "FRIEDA", I have to request that you will be so good as to state clearly the size of the frames fitted in the engine and boiler space, and also whether the bulkhead on frame No. 97 has been constructed as shown on the approved plan, as unless this has been done, it cannot be included in the number of watertight bulkheads recorded in the Register Book.

You should also state whether Section 49 of the Rules has been complied with, and whether the oil fuel tank has been tested as required by the Rules.

I am, Gentlemen,

Your obedient servant,

B. Stewart Murphy, Esq.,

BOSTON.
