LE HAVRE

S/S "BISCAROSSE."

Dear Sirs,

We are in receipt of your letter of the 16th instant concerning the important repairs to be carried out on this vessel.

The Minister of Merchant Marine who has requisitioned the vessels recently acquired by the "France Navigation" has decided to reclass this boat with the Bureau Véritas.

Her class expiring in April 1940, the very important repairs necessitating extensive renewal of the tank top plating is an occasion for advancing this operation by several months.

This vessel, after reclassing under the care of the Marine Marchande, will be handed over to us, for management and this circumstance enables us to furnish you with this information.

We are, etc,

WORMS & Cie.

Signed: (Guilliez)
