The Third Special Survey No.2, which became due in March last, has been partly held.

The Society's Genoa Surveyors have now forwarded a letter from the Owners intimating that on economic grounds they no longer desire to maintain the classification of this vessel in the Register Book.

In the circumstances the Classing Committee, who had the case before them on Friday, the 16th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof indicating withdrawal of class at Owners' request.
