† In vessels obtaining an allowance for deck erections under Para. 11 where the sheer drops abaft amidships the height of the R.O.D. is to be taken from the level of the top of the amidship beam.
c In flush-decked vessels the total draught is to be taken from the level of the top of the main deck.

† The Surveyor should state whether the fall in sheer is line of keel or to the water line. If measured relative to the water line.
