Enclosures.

7th August 1937.

Dear Sir,

E. I send herewith copies of letters which have been received from Messrs. Fried. Krupp A.G., Rotterdam, now the Owners of the steamer "ZEMBRA", from which you will observe that they have requested to be furnished with certificates relating to the tests of materials used in the construction of this vessel's boilers.

With reference to the copy of the letter dated the 5th August 1937, I enclose Newcastle Report No.95298 and Sunderland Report No.31640 dealing with the fitting of the new Deighton furnaces in 1935, and shall be glad if the Surveyors will prepare the desired certificates relating to the tests of the material used in the construction of these furnaces and forward these documents to this Office as soon as possible.

I also enclose the certificates referred to in the Firm's letter of the 23rd July 1937, and shall be glad if you will return same with your reply.

The Secretary,  
GLASGOW.

I am, Dear Sir,  
Yours faithfully,

Clerk to the  
Classification Committee.
