BYORS.

In reply to the question contained in your Classing letter of the 13th inst., on the case of the steamer "JUNO" we beg leave to inform you that it was expected that the donkey boiler would be examined during the recent stay of the vessel in this port, but this could not be done as it was in use all the time . - It was however arranged to have this done on the vessel's return in this port , within six weeks time . -
