

by Chief Ship Surveyor 11/8/09

Received from Chief Ship Surveyor _____

SHIP'S NAME St S. Juno

Rpt. Gen No. H549

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(“The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.”—Extract from Sub-Committee's Report, 24/5/02.)

of Survey Condition

Notation of S.S.No.3 was assigned to this vessel in August last, subject to the holds being sealed and coated as opportunity offered.

The Genoa Surveyors now report they have examined the vessel in dry dock, and the bottom has been cleaned and coated. The holds have been partly sealed, and the work is being carried out as opportunity offers.

It is submitted the vessel might be allowed to remain classed with record of survey, subject to the holds being sealed and coated as previously approved.
