LLOYD'S REGISTER  
LONDON.

RECR SEP. 1898  
ANSB 8

Sir

Messer Orlando Brothers sent to me two lists of angle material for the frames of the new Steamer to be built by them, one of which I forwarded to Genoa where the resident Surveyor will be instructed to carry out the necessary tests by the Società Eigure Metallurgica of Sestri Ponente.

As the other list of material ordered by Messer Orlando from the Società Viti Forni Acciaieria of Terni, I shall be pleased to learn whether the Committee approve of same being manufactured by this Society.

For your guidance, this Society manufactures and supply all the material for the construction of the Italian men of war and I shall therefore be glad if you could authorise me to send this list to carry out the necessary tests.

I am Sir  
Your obedient servant

Américo Gari  
Surveyor to Lloyd's Register

A G Gari  
Surveyor to Lloyd's Register  
Leghorn

W1486-0022

Referred to the Chief Surveyor  
and Chief Engineer, Surveyor.

Re-testing of steel to be made at Terni  
Steel works for Sx to be built at Leghorn  
by Ingrs. Orlando Fratelli.

as

8 SEP 1898

Submitted the Surveyor be informed  
that the Terni steel works, have been  
recently entered on the list of steel  
works approved by the Committee,  
and the Society's Surveyor at Naples  
has been instructed to test material  
at these works when so requested.

He should communicate with him on  
the matter.
