REC'D 15 JUL 1898
ANSE 20

Leghorn 13th July 1898

Sir

I have the pleasure to forward you Four double sketches of a Cargo Boat (not yet named), for account of the Società Commerciale Italiana di Navigazione, resident at Genova, to be built at the Establishment of Sig^{ro} Illi Orlando, who intend to class this Boat in the Lloyd's Reg^y with the Characters † 100 AT. The materials to be employed in this Vessel will be manufactured (forged) by the Società Legume Metallurgica of Sestri Ponente and those for the boilers' plates by John Spencer of Newcastle on Tyne and for the tubes by Stewart & Manxies of Glasgow therefore I beg you will give instructions to your Surveyors at these places for the relative approval of the materials. Mess^{rs} Orlando wish me to let them know the total expense for this Classification in the Lloyd's Reg^y and I shall be glad if you will enable me to give them the required informations. Kindly also return me the sketches approved as soon as possible together with any alteration required.

Also to send me instructions
