

Extract from <sup>deghorn</sup> Surveyor's letter dated 28<sup>th</sup> Jan'y 1901  
re "Juno"

The main boilers of said S/s have been  
tested on the 17<sup>th</sup> 20<sup>th</sup> of August, 1900, and the  
Donkey boiler on the 16<sup>th</sup> November same year.

The discharge pipes of said S/s are  
all above the deep water line, also when the vessel  
is loaded.
