

POSTPONED SURVEYS.

Case of the..... S.S. "SWIVEL"

No. 34017 in Reg. Bk. 5556 - 3454 tons, Built 1918 - 12 mo.

<i>Classed</i>	<i>Owners.</i>
----------------	----------------

Port of Registry..

Survey Due Boiler Survey due 11, 43.

In March last the New York Surveyors were informed by the Owners that due to the vessel's present assignment they were unable to state any definite date at which the Boiler Survey could be held. In the circumstances the Committee deferred consideration of the case for the time being.

The New York Surveyors now state they have been informed by the Maritime Transport Lines Inc., Agents for the War Shipping Administration, that this vessel is now being operated by the U.S. Navy.

It is understood that the vessel's present service with the U.S. Navy precludes any likelihood of her being available for Boiler Survey.

Unsubmitted action be deferred
