Water Tube Boilers.

-----  
The Annual Survey of the Water Tube Boilers of  
this vessel became due in November last, but the Owners now  
state it is not their intention to maintain the classification  
of the steamer in the Society's Register Book.

In the circumstances the Classing Committee, who  
had the case before them on Tuesday, 6th instant, decided to  
give instructions for the vessel's character to be withdrawn  
from the Register Book and three dots (...) inserted in lieu  
thereof, indicating withdrawal of class at Owners' request.
