Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

15th April, 1942.

H. Dear Sir,

I have to acquaint you that the motorship "Caroline Maersk", now named "BEN BRUSH", was under survey at New York in August last year, and that the surveyors at that port have stated that parts of the machinery were examined at Barcelona in March, 1940, in connection with the Continuous Survey of the Oil Engines.

In the circumstances I shall be glad if you will let me know whether this statement is correct, as no report of any survey held on the vessel at that time has come to hand from your port.

O I am, Dear Sir,
Yours faithfully,

pro Secretary.

F. Larrucea Esq.,

BARCELONA.
