

2m.1.20.

Received by Chief Ship Surveyor

Received from Chief Ship Surveyor 8-APR 1920

VESSEL'S NAME Steel S.S. "SALUDA".

Rpt. Brs. No.10479

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/192.)

Nature of Survey

The Bristol Surveyors report the vessel has been placed in dry dock, the riveting and caulking of shell overhauled as required, and a number of rivets in bilge keel renewed.

No. 3 keel plate and No. 3 in A strake were found to be set up, the riveting in way has been overhauled, and it is recommended these indented plates be dealt with at the Owners' convenience.

It is submitted the vessel appears worthy to remain as classed with record of survey 3.20, subject as recommended.

100 A.1.

3.20 Brs.

Fitted for oil fuel etc.
