Enclosure.

13th July 1939.

Dear Sir,

E.

I return herewith the amended plan, forwarded with your letter of the 4th instant, of Pumping Arrangement proposed for Messrs. Wm. Denny & Bros. Ltd., Yard No.1347, and I have to inform you that this plan will be approved, provided the arrangements be as shown thereon and the remaining requirements of Sections 20 and 34 of the Rules (1938-9) be complied with so far as they are applicable.

The remarks contained in the Builders letter of the 30th ultimo, a copy of which was forwarded by you, have been noted.

With reference to the provision of scuppers fitted with self-closing cocks for draining the flat above the Deep Tank, I have to request the Surveyors will satisfy themselves that the cocks are of the parallel plug type, instead of cocks having tapered plugs which could be held locked in "Open" position by the friction of the plug in the body of the cock.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
GLASGOW.
