

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. *WILLIAM DENNY & BROS LTD*

Yard No. *1347*

Engineers: Messrs.

Engine No.

Owners: Messrs.

It is submitted that the plan of *GENERAL*.  
Pumping Arrangement  
merits approval, provided the arrangements be as  
shown and amended on the plan and the remaining  
requirements of Sections 20 and 34 of the Rules (1938-39)  
be complied with so far as they are applicable.

*A Plan of the Pumping Arrangement in the  
Machinery Space should be submitted*

*It is noted that the deep tank overflows overboard & it is suggested that a more desirable arrang.  
would be to lead the overflow pipes through the bulkhead in the E. R. Bilge as shown in the  
plan, since it has been found that, in a number of vessels, cargo has been  
damaged by water passing the Storm Valves.*

Return *ONE* plan. AND *TWO* REFERENCE PLANS

Retain *ONE* copy.
