Lloyd's Register of Shipping.

Port

CALCUTTA

24th December 1952

This is to Certify that I have

Surveyed the Boiler and Machinery of the "ALMA" 5409 tons gross
of Panama whilst afloat at Calcutta for Extension of Interim
Certificate,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
Recommended that the record of Machinery as classed, without
fresh record of survey,

be made in the Register Book in the case of this vessel, subject
to the main turbine primary pinion being renewed before the end of
March 1953 & the main engine revolutions meanwhile being kept below
70 rpm.

MR Blackwood

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide
t:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the
Society are properly executed, it is to be understood that neither the Society nor any Member of any of its
Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report
certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publica-
tion of the Society, or for any error of judgment, default or negligence of any of its Committees or
Member thereof, or the Surveyors, or other Officers or Agents of the Society."
