Dear Sir,

In reply to your enquiry contained in the classing letter of the 7th instant having reference to the First Entry Report No. 28450 on the S.S. "British Lord", I have to state that the size of the reverse angles in Engine room are  $3\frac{1}{2}''$  x  $3\frac{1}{2}''$  x .42" and angles connecting margins and floors are 6" x 6" x .44", and not as stated in the report.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
