Port Quez

16th. April 1953.

This is to Certify that I have

Surveyed the Boiler and Machinery of the S.S. BRITISH

7300 gross tons of London whilst lying afloat in Quez Roads on 14th. April 1953 and subsequently on account of repairs to Main Condenser, and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of +INC without fresh record of survey,

be made in the Register Book in the case of this vessel.

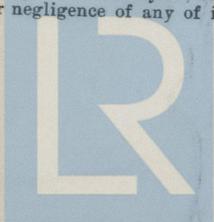

Subject to condenser water ends being dealt with at the end of the present voyage or by June 1953.

FAM

Engineer Surveyor to Lloyd's Register.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, and it is understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register or in the publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member of the Surveyors, or other Officers or Agents of the Society."
