

Extract from a letter received from Mr. Dykes dated 17th
June, 1910.

Dear Mr. Scott,

I was called away in a hurry to this port
yesterday afternoon and on leaving the Office I told the
clerk that he could forward on my First Entry Report
on the new steamer "RENDSEBURG", Report No. 11509, now it has
occurred to me that I have not entered the dimensions
and tests of the flexible steel wire hawsers and stream
hawser on the report.
