November 5<sup>th</sup> 1919

Sir,

In reply to the Telexing Letter of the 4<sup>th</sup> inst. referring to the Trust Entry Report on the S.S. "Belgian". Newcastle Report No. 72406, I beg to state that the particulars of chain cable should read:— 12347A! 60 fms. weight 145-1-21, tested at L.P.H. Sunderland, on the 30<sup>th</sup> Sept 1919. Superintendent L. Hoffner. This cable was, at the last moment, supplied from a divided certificate 12347 dated 16/10/19. See Secretary's letter 17/10/19. The rivets in the quadruple bults of the strake below sheerstrake are 4 dias. apart.

I regret that this was not made clear on my Report.

I am, Sir,

Your obedient servant  
W.E. Bryan

The Secretary.
