

# Lloyd's Register of Shipping,

Lloyd's Bank Chambers,

Middlesbrough, 13th July, 1940.

ference

M.

Dear Sir,

s.s. "EMPIRE ENDURANCE" ex "ALSTER".

With reference to the anchors and chain cables of this vessel, there are no Certificates available. With regard to the chain cables there is a short length which we propose to send to the Proving House for test, and we desire to know if this test could be accepted as indicative of the remainder of the chain cable, in this instance, in lieu of sending all the chain cable.

The general condition of the anchors and chain cables from examination is good. This proposal is put forward to save time and expense, and as the matter is urgent a reply by wire would be appreciated.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

per:-

The Secretary,

LONDON.

Lloyd's Register  
Foundation

LONDON.  
The Secretary.

Dear Sir:-

The Secretary.  
Home Office.  
We are, Dear Sir,

in reply to your letter of the 11th inst.

concerning the sale of the ship and cargo and as the matter is urgent  
cannot allow examination to be made. This proposal is not

the General condition of the ship and cargo  
of sending all the cargo to the ship.

of the condition of the ship and cargo in this instance in view  
desire to know if this ship could be accepted as indicated  
we propose to send to the floating house for test and we  
refer to the cargo ship as a short length of  
of this vessel there are no certificates available. With

with reference to the ship and cargo ship
