The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Signature of Surveyor

First Entry

Before this case receives consideration the Surveyors should be requested to state whether the main deck sheerstrake is increased in thickness at the break as approved and whether they are correct in reporting the butts of the main deck as double riveted. They should also state whether the web frame face angles are as approved and the peak tanks have been tested as required.
